STATEMENTS

I am the owner of the property described herein; I will commence construction on this property on or about _____, and therefore claim the construction exclusion from Supplemental Assessment provided by Section 75.12 of the California Revenue and Taxation Code. **NOTE:** Construction is considered to have commenced when land clearing, grading, contouring or any physical alteration to the site(s) begins. If such new construction has commenced more than 30 days prior to the date of the claim, the claim will be denied.

I do not intend to rent, lease or otherwise use that property except as incidental to an offer for a change in ownership.

I request exclusion from supplemental assessment of the new construction on the real property described below, in accordance with the provisions of Section 75.12 of the Revenue and Taxation Code. I understand that nothing in that section precludes the reassessment of the property on the next succeeding lien date.

I understand that should real property on which the exclusion is allowed undergo a complete or partial change in ownership during the course of the new construction, the value of the transferred newly constructed real property would be subject to a supplemental assessment. If the transferee of that real property desires and qualifies for an exclusion from Supplemental Assessment for new construction subsequent to the transfer, separate application must be made prior to the commencement of the additional new construction.

1. Brief description of new construction for which an exclusion from supplemental assessment is requested:

2. Description of any portion of the new construction which is intended to be rented, leased, occupied or otherwise used by the owner of the real property (excluding model homes, tract sales offices, etc.):

3. Please identify the name of the owner as it will appear on the building permits:
